

## **Akwalbom State Civil Society Organizations Forum's Proposal to Akwalbom Citizen's Budget Committee for consideration during the Bilateral Meetings on the 2021 Budget**

- 1) Construction or grading of IkpelkotAkpan - IkotEtokUdo Junction with spurs at IkpeNungInyang (9 miles long)
- (2) Construction of Skills Development Centre for Women and Youths of IkpeAnnang, EssienUdim LGA
- (3) Provision of solar powered cold room facility (such as manufactured by Cold Hubs) for storing perishable produce at IkpeAnnangFiongEtok Market, EssienUdim.
- (4) Construction of Utu IkotEssien - IkpelkotAbiat Road (passing through IkpeOniong Ono, IkpeEkpeneOton and IkpelkotEsiede), about 6 km

The council also would like the CSOs Forum to remind the Citizens Budget Committee that the Construction of IkpeAnnang - Obo Annang Road (budgeted for since 2018) is still not done and they are disappointed.

### MkpatEnin LGA

1. Construction of road leading from Odoroatan school to IbioEte village, IbioEte makes MkpatEnin an oil producing LGA.
2. Provision of electricity to the Odorolkot community, Odoro Ikot comprises of IkotEkpang, IkotInyangokop and IbioEte villages.
3. Construction and completion of a primary and secondary school in ibioette. Note there is no secondary school in any these villages. Makes secondary education not accessible to them.
4. Establishment of a Primary Health Centre in IbioEte village and Odorolkot as a whole.
5. Provision of portable source of water in these communities. (Good water is luxury there, especially during dry season.).
6. Provision of security on the water way.
7. Construction of the bridge that leads to IbioEte from IkotNyangokop. Ibioette is fishing community with a port, they most times attacked by pirates. All of these are priorities, government should have pity on the people of this community.
8. Construction of the road from Ndiya, NsitUbiom LGA through Efa, Etinan LGS to MkpatEnin LGA
